Good morning,
We have shared the intelligence received from OPS via OPP on the 15 major organizers in addition to the 40 vehicles plus 2 individuals disclosed on by SII based on OPP surveillance.

There has been increasing requests from the banks, etc. for us to share information relating to seized vehicles as the media reported 21 had been seized by police. As of midnight last night we ran CPIC on the 40 vehicles we disclosed and only 1 was listed seized.

There has also been increased requests for info share on persons in-custody and/or released on charge. I continue to advise we cannot comment on persons who may/or may not be in custody without charge, but it would be helpful to be able to receive information on the latter and things roll this weekend.

I wasn't aware of the stirring in Embrun, but can share whatever intel you deem appropriate and it would be welcomed as banks are still in the midst of freezing and itching to unfreeze accounts.

Happy to chat further,
Kelley

Good Morning Kelley,

I wanted to link you up with Brad Collins of the OPP through an E-Intro.

Brad is working closely with OPS on obtaining a list of plates (towed and voluntary departure). The voluntary departure capture part is proving to be challenging in terms of reporting and how it is recorded because various police agencies are involved. Hopefully a system can be put in place soon for this.

Brad would like to connect with you to discuss info shared with the FIs thus far. For example, was the info shared with the banks for the persons supplying a place to regroup at night – ie: Rte 200 in Embrun.

Have a great day,

Kelly
